Projects/Observers/Receivers:

VLBI-Projects:

- EF029 = 54-20:
- ES091 = 57-20:
- EC070 = 97-19: Chiaraluce et al.
- N20xxxx, CL20xxx = 04-20: JIVE
- EKVN-Test = 02-20: Kim et al.

Observing Modes: Continuum (orange), Pulsar (yellow), Spektroscopy (green), VLBI (blue) W = Maintenance / Wartung

For any publications based on observations with the Effelsberg 100-m telescope please use the following acknowledgement:
Based on observations with the 100-m telescope of the MPIfR (Max-Planck-Institut für Radioastronomie) at Effelsberg.

Phone Controlroom / Telefon Steuerraum: 02257 301 155
 • = latest time for the „weather decision“ (responsibility of the observer)
 * = project whose observer is responsible for the „weather decision“
